

June 24, 2020

Courtney:

It was a pleasure talking to you earlier today. I admire and respect the time and energy that you and your neighbors have dedicated to this important issue.

I stand with you and your neighbors in demanding that a new location be pursued for the tower. You can count on me to support improvements to abbuter notification and transparency protocols, and re-permitting.

Please be in touch if I can do anything additional to support you, your family, and neighborhood.

Stay safe and be well.

Best regards,
Dina
